Plastics Engineering Moulding & Toolmaking. Local, Fast and High Quality.

“Moulders of plastic parts to be proud of”.

It's the Rian way.

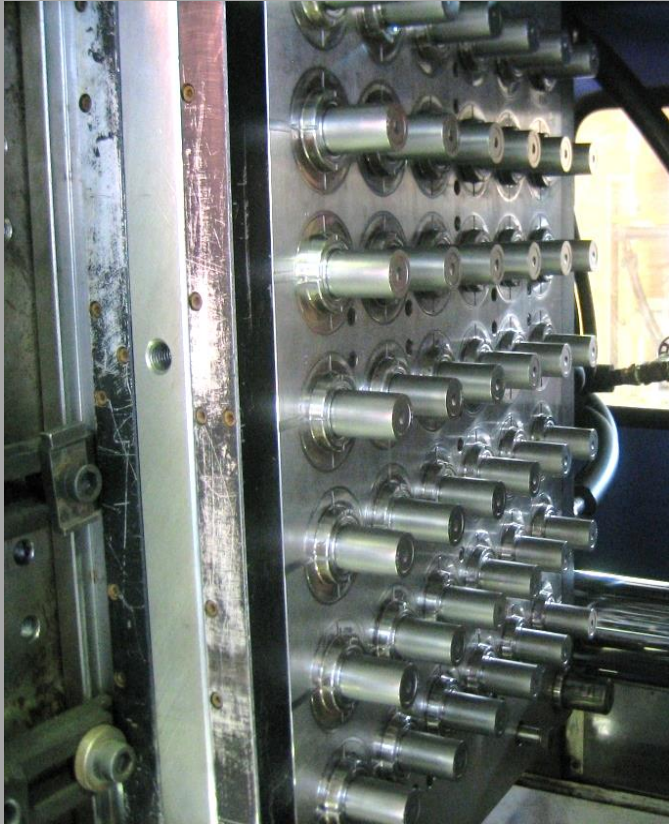

We turn CAD drawings into high quality parts.
We do it without fuss. Without dramas.
Without long lead-times.
Without concerns about IP protection.
We work hard. We are good at what we do.

“Our customers love what we do”.

“They tell us that they want”
High Quality, Great Service, On-time delivery
Technical problems solved, Fast responses
And all at competitive prices.

So that's what we offer - it's what we do at Rian.
We look after our customers.

“If you want quality – we deliver it as standard”
